SENATE'S DELAY

UPPER HOUSE HOLDS BACK CONGRESS' ADJOURNMENT.

MISSOURIANS PICNIC

Present Session Has Been One of Little Rest—Legislators Have Campaign Worries.

(By Van Cleve.)
Washington, D. C., July 13.—Congress is one week nearer adjournment than it was a week ago. That much is reasonably certain, but further than that it would be hazardous to guess. Many members have returned to their districts to defend their claims to re-nomination, and among the faithful who are left on guard and have opposition at home, there are a great many who are in a most uncomfortable position.

The house has its business well in hand and could adjourn in a very short time if the senate was ready. The senate is still wrestling with the anti-trust bills, and with some confirmations that seem to be giving them trouble. It is reported that the anti-trust bills will all be reported out of the senate committees this week and will be taken up in the senate proper. The Clayton bill, passed by the house, is a bill of far-reaching consequences, and for that reason has been subjected to close scrutiny and careful consideration by the senate committee on judiciary to see that it does not contain any "come backs" nor accidental jokers. Some members of the committee are disposed to think that certain features of the bill can be materially improved, and several amendments will likely be made when it is reported to the senate.

Congress rested on the Fourth of July. This fact is worthy of note, because rest and holidays have been strangers to this congress. No congress, it may be said, within the recollection of man, has put in so many days in actual session as the sixty-second and the sixty-third up to the present time. While the legislators have been busy trying to solve the intricate problems of public welfare, and sometimes in passing eight-hour laws for the regulation of the business world, many of them, with their secretaries and house employees, have been consistently laboring far beyond these hours. Night sessions have been quite common, and Sundays are frequently given over to memorial sessions in honor of deceased members.

Saturday afternoon the Missouri society held its annual picnic at Great Falls, a picturesque spot on the upper Potomac. The falls are among the most important in the country and furnish the surroundings for a popular summer resort. The place has also a historical interest, as it was here that George Washington established a mill to be run by water power and availed himself of the opportunity to secure cheap power. The place is about eighteen miles from his old home at Mount Vernon by horseback, as he then went. The mill dam and foundation are still in evidence, and a canal or ditch by which the water was conveyed from above the falls down to and over the mill wheel has been preserved. The place is now reached by an electric railway line and contains, among other things, an old farm house nestled among the hills, which has been made famous for its chicken dinners.

Among the recent visitors to Washington, B. Raleigh Martin of St. Joseph was conspicuous one day last week. He was looking fat and hearty and was on his way to Pennsylvania to take part in a contested will case of considerable proportions.

The federal plums have begun to fall in Missouri. Out of the considerable list of appointments to be made in the eastern and western districts, the president today sent the following

to the senate, all to be located at St. Louis:

Fountain Rothwell of Columbia, to be collector of customs.

Frank H. Sosey of Palmyra, to be appraiser of merchandise.

George H. Moore of St. Louis, to be collector of internal revenue.

Mr. Sosey is a newspaper man and the other two are lawyers.

The Missouri appointments have been delayed a long time, and the Republican holdovers have had an unexpected extension of their lease on the federal crib.

A NEW SIDEWALK FOR P. O.

Specifications For Such a One Received This Morning—Bids to Be in by August 1.

After a delay of several months it now looks as if the department at Washington will build a cement sidewalk around the postoffice building here. The matter has been up for some time and this morning the specifications for the sidewalk and curb were received with instructions to receive bids up to 3 o'clock in the afternoon of August 1.

MAGAZINE DAY ANNUAL.

City Federation to Establish Affair as an Annual Event.

Because of the great success of Magazine Day this spring, the women of the City Federation will make it an annual occurrence. The event was inaugurated this year for the benefit of the women's rest room furnishings and earned for the Federation over \$100. The women expect to get a storage room and make periodical gatherings through the business section in order to take care of the great accumulation of magazines and catalogues which the merchants would otherwise be compelled to discard.

TO HEAR BARKER SPEAK.

Maryville Persons Attend Attorney General's Lecture—Skidmore Chautauqua Closes Saturday Night.

Several of the Democratic candidates for county offices and other persons from Maryville went to Skidmore today to hear the address of Attorney General Barker this afternoon. Mr. Barker spoke on "The War Between the People and the Trusts."

Tomorrow afternoon's program will be given by the Arion Male quartet and Morton H. Pemberton, lecturer. The night program, the closing one of the session, will be given by the Arion quartet.

This year's Chautauqua at Skidmore has been very successful.

Injured Man Improving.

Reports Friday noon from Clarinda give the condition of N. F. Staples of Burlington Junction, who was injured during the tornado Wednesday evening, as better. If Mr. Staples continues to improve, an attempt will be made to bring him to his home at Burlington Junction Saturday. Mr. Staples was struck on the head by the falling limb of a tree and badly injured.

Hollis & Hadden of Burlington Junction report some good yields in the fields they threshed the last of the week. W. W. Jones' wheat averaged 25 bushels an acre. The Huddle field, southwest of the Junction, made 30 bushels, and R. L. Byers' field, just north of that place, averaged about 30 bushels. Charles Vulgamott received about 25 bushels an acre from his field.

LYCEUM COURSE TO OPEN AUG. 1

ASSOCIATION OFFICERS ELECTED, TALENT CHOSEN THURSDAY.

FIRST YEAR A SUCCESS BETTER THAN EXPECTED

New Program Better Than Last—John Kendrick Bangs Will Give One Entertainment.

The general executive committee of the Maryville Lyceum association held its first meeting of the 1914-15 season Thursday evening, heard the reports of last year, elected officers and selected the program for the coming fall and winter.

With the exception of secretary, all the old officers were re-elected. Dean George H. Colbert is president of the association again. The vice president is Prof. W. M. Westbrook; treasurer, President Ira Richardson; and secretary, the Rev. Gilbert S. Cox.

The reports of last year's officers showed that the season, the lyceum's first season, was such a success that the committee thought it both advisable and safe to provide a better and more expensive program for the coming season. The association cleared more than \$200 last year, and that in view of the fact that nearly half of the tickets sold were student tickets, which sold for just half the price of the others. In all 781 season tickets were sold, 351 of them being student tickets.

The program for next fall and winter is a stronger one than that given last year. It will contain the same number of entertainments, seven, but they are better and more costly. The opening number of the season will be given in the early part of October, and probably will be Mme. Scotney and company, a grand opera concert company. Mme. Scotney is herself a soloist of the Boston Grand Opera company. She is supported by three other musicians. Howard White is a bass singer from the same company. Karl Barleben, violinist, is a member of the Boston Symphony orchestra, and Frank Waller, pianist, is the assistant conductor of the Boston Grand Opera company.

The second number of the course will be a lecture by Frank Dixon. Mr. Dixon has five lectures which he gives. They are: "The Square Deal," "The Coming America," "An Outgrown Contribution," "Taking Stock of a Town" and "The Man Against the Man." It is not known just which one of these Mr. Dixon will give here.

Next is Miss Sarah Mildred Willmer, a reader of plays and novels. She will read one of the following: "The Sign of the Cross," by Barrett; "Aunt Jane of Kentucky," and "Miss Selina Lue."

The Frank Lee Shubert Players will give the fourth entertainment. The approval with which the people of the town met the Coburn Players last June induced the association to secure the Frank Lee Players for the lyceum course. Their work differs somewhat from that of the Coburns in that they give modern dramas. Here they will give "The Romancers," a play by the great French dramatist, Edmond Rostand, author of "Chanticleer."

The Schuman String Quintet, composed of first and second violins, cello, piano and organ, will be next.

John Kendrick Bangs, famous as a humorist and the author of "The Houseboat on the Styx," has been secured for one entertainment. He may give his lecture, "Salubrities I Have Met," or readings from some of his own books.

The last number of the course will be given by the Rev. Russell H. Conwell, pastor of the Grace Baptist church of Philadelphia and founder of Temple university in the same city. He has several lectures which he gives, but the one to be used here has not been decided upon.

Judge Ellison at Princeton.

Judge W. C. Ellison is sitting at special judge in a murder case at Princeton, in Mercer county. Judge Ellison was called in following the application for a change of judge, the defendants alleging that the judge of the court, Judge G. W. Wanamaker, was prejudiced and unable to give them a fair trial. Judge Ellison will hear the application for a change of venue in the case of Byrd Jones, Frank Rollins and Charley Bryant, charged with the murder of Night Policeman H. P. Sisco.

Week-End Guests.

Mr. and Mrs. W. W. Stiwalt are entertaining Mrs. Stiwalt's aunt, Mrs. N. C. Saxton, and her niece, Miss Alma Saxton of St. Joseph, who arrived Thursday to spend the week end.

REST ROOMS WILL BE FINISHED NEXT WEEK.

BETTER THAN EXPECTED

Four Thousand Women Used One Rest Room in First Five Months It Was Open.

Saturday, August 1, the city rest room for women will be opened for the use of all women in Nodaway county and their friends.

The event is to be made one of some distinction, but in just what way it is to be observed, has not been determined by the committee. The final work of the building and finishing will be completed next week and then the furnishings will be placed.

Everything of the most practical kind and at the same time the most harmonious has been selected by the furniture committee, which is composed of Mrs. E. G. Orear of the Twentieth Century club, Mrs. M. G. Tate of the P. E. O. chapter, Mrs. W. O. Garrett of the M. I. Circle, Mrs. D. E. McDonald of the Parent-Teachers' association, Mrs. W. A. Rickenbrode and Miss Jessie Parcher of the City Federation.

Not all of the furnishings can be placed at this time, because of the limited funds of the Federation, but such liberal donations have been given the women by people of the city that the quarters will be much more complete at the opening than was anticipated.

That a rest room is a modern innovation of great general utility has been demonstrated in the towns and cities in which such rooms have been established. The following article tells how the rest room of Bonham, Texas, was established and how much it was used and appreciated by the women:

The idea of this room in Bonham originated with the board of trade of the town. This organization one day became alive to the fact that there was no place for the women to stay when they were in the town for any purpose and would like to rest for a while or leave young children to be cared for while they did their shopping.

Alive to these facts, the board of trade did what it is doubtful if any other town board of trade had ever done before; it provided a rest room and asked the people of the town to co-operate in different ways. This was done to such an extent that the telephone company donated a telephone, the laundry gave free service, the ice company provided ice without charge, some people of the town furnished the rooms and others gave periodicals. These rooms have cradles for small babies, easy chairs, couches and a bed in case any one may be taken ill while there.

That the rest room filled a long felt want may be known by the fact that a register was placed in the rooms and a careful record kept of the number of visitors. In five months a few more than four thousand women used the rooms, which were open from 8 in the morning until 5 in the afternoon.

CUBS DEFEAT SOX 4 TO 6.

First Game of New Series at Normal is Fast—Sox Blew Up in Sixth.

The first game of the new baseball series at the Normal school was played last night. The Cubs, captained by Adams, defeated Captain Bird's Sox in a good game by a score of 4 to 2.

The first five innings of the contest were practically even, both teams playing gilt edged ball. Neither team scored in the first inning, and each got one score in the second. The third inning gave one score to the Sox, but the Cubs evened things up in the fourth by adding one tally to their score and tying the count again. Neither team scored in the fifth. The sixth inning proved to be the Sox Waterloo, when costly errors gave the Cubs two scores.

Eight hits were gleaned off Pitcher Ham for the Cubs, but they were well scattered. Only one hit was made off Richards, the scores being made off him mainly by errors. Three double plays were made during the game, the Sox making one and the Cubs two.

Mrs. Alice Lake and daughter, Hazel, left Friday for a visit at Omaha, Lincoln and Hastings, Neb. At the latter place they will be guests of Mrs. Lake's brother, L. C. Erwin, and family.

Mrs. Mary C. Wray of Hopkins was severely injured in an automobile accident this morning. Mrs. Wray and her daughter, Mrs. F. B. Monroe, were driving along the road a mile from Hopkins, at the rate of about fifteen miles an hour, when a tire blew out and threw the car to one side of the road.

Mrs. Wray was thrown out on her head. The impact made her unconscious for some time, and it is feared she suffered internal injuries. Mrs. Monroe was unhurt.

SERVICES FOR MRS. STURM.

Held at St. Mary's Catholic Church Friday Morning.

The funeral services of Mrs. Magdelene Sturm, who died Wednesday afternoon at the home of her son, Michael Sturm, south of the city, were held Friday morning at St. Mary's Catholic church. The services were conducted by the Rev. Father Willibrord and the body was interred in St. Mary's cemetery.

The pall bearers were Nick Schumacher, Theo Blatter, Peter Behm, William Heller, Louis Gram and John Kirch. The honorary ones were Mrs. Joe Stabler, Mrs. John Kirch, Mrs. Josephine Yehle, Mrs. Louis Gram, Mrs. Mary Brandt and Mrs. Mary Buhler. Among the out-of-town relatives attending the funeral were a granddaughter, Mrs. J. J. Walsh of St. Joseph, Mr. and Mrs. Michael Gerning of St. Joseph and Mr. and Mrs. John Holtman of Clyde.

More Booze, More Gas, More Grief.

The story of how five Clarinda men, returning from Maryville late the other night, narrowly escaped death when they speared their car into a ditch, is told by the Burlington Junction Post.

The men were under the influence of liquor, and as they came to a long hill leading west from the farm of Harley Keltner, near Burlington Junction, they gave the car more gas. At the bottom of the hill they could not make a short turn, and the car went into the ditch, throwing two men through the wind shield, tearing their clothing and scratching them. None of them were seriously hurt, however, and the worst damage was done to the car. It will cost about \$300 to repair it.

Mr. Keltner pulled the car out of the ditch with a team and the men went on to Clarinda.

PLEADED GUILTY

BLATTER CHANGED HIS MIND, ESCAPES TRIAL, FINED \$47.85.

T. J. PARLE WAS SICK

Druggist Did Not Appear in Court This Morning and Case is Continued Until Tuesday.

Neither of the trials of T. J. Parle and William Blatter, accused of giving liquor to an habitual drunkard, were held today. When the time of Mr. Parle's trial came at 9 o'clock this morning he was sick in bed at his home, so the trial was postponed until Tuesday. William Blatter appeared before Mayor Wright at 1 o'clock this afternoon, changed his plea of not guilty to guilty and paid his fine of \$40 and costs, or \$47.85.

Mr. Blatter's case was different from that of Frank Scull, who was tried yesterday and found guilty of buying and giving liquor to David Ferries, the man who has made the complaints. Mr. Blatter is a clerk in T. J. Parle's drug store, and he pleaded guilty this afternoon to a violation of the dram-shop ordinance, or selling liquor without a license. He stated that on July 14, 1914, he sold to David Ferries one pint of alcohol, one pint of whisky and one pint of wine.

The fine assessed against Mr. Blatter is the minimum, the maximum being \$100. The fine in the offense of which Frank Scull was guilty, procuring liquor for a drunkard, may range from \$1 to \$100.

Mr. Scull was fined \$25 yesterday, but did not pay it. He has appealed his case to the circuit court.

The band is giving the concerts in order to furnish a pleasant recreation for the people of the community, and the only compensation asked is a free will offering to cover incidental expenses.

BARNARD P. O. TROUBLE ENDS.

Miss Fannie Merrell Reappointed—Public Letter of Mrs. Thompson, One of the Applicants.

Miss Fannie Merrell has been reappointed postmistress of the Barnard office. This position is under the civil service rules, and the contest for the appointment this time was spirited. Several applicants took the examinations, and much feeling was aroused over the matter. While the applicants were waiting for the appointment to be made, Mrs. Nettie Thompson, one of them, made a public statement in the Barnard Bulletin, replying to criticisms against her. The letter, just as she wrote it to the Bulletin, is given below:

For the benefit of my friends alone I desire to make a statement to this paper. It has been narrated by the one small Perkins that I did not make a passing grade, because I did not make my grade public. He has stated that I made 61, which is as bare a lie as ever was uttered. I have stated to no one what my grade was. But I will say this much that nothing exists on my paper as low as 61 and one as 95 I have said that I would not make public my grade, but for the benefit of my friends and a few hypocrites I will say that none will be cut from my grade on character. I can pass on my grade made and on file at Washington and also on reputation although I am a working woman and haven't much time to loose arranging my toilet, I will say the worst of me is on the outside. Not concealed nor hid away with fine clothes, I have been in your midst all my life. I came here when 5 years old. Most of my life has been spent here. I have cooked many meals late at night; as late as 2 o'clock for the accommodation of the public, when anyone else in town would have turned them away on a piece on a cold night, while I made hot coffee, soup and fixed a hot meal for accommodation never charging any more then, than any other time. I never turned farmers away at 3 or 4 p. m. and said "You're too late for dinner," but cooked for the hungry, and in the same way I shall serve the public should I be appointed P. M. of Barnard any time I could do you a favor by handing you out your mail I would do so as I would live and be in same buildings as P. O. the public all looks alike to me in a business way. Every one would receive the same courtesy I would expect to put in new fixtures so that I could give each and every one a new box. So asking the public to not believe all statements as to grades. I remain one with a good light plant, a good grade a good reputation and physically able and one with more time than any one else and last but not least one who needs it.

FIGHTING IS OVER IN MEXICO

Carranza Peady to Parley With Carbajal Party.

NEW PRESIDENT TO RETIRE.

Unconditional Surrender Only Condition on Which Negotiations Will Be Successful—Huerta's Successor Wants Amnesty Proclaimed.

Monterey, Mexico, July 17.—If plans announced here by Venustiano Carranza go into effect, fighting by Constitutionalists is over in Mexico. General Carranza declared his main object now would be to conduct negotiations for the Constitutionalists to enter Mexico City and establish their government without further bloodshed or damage to property.

General Carranza was unable to say whether these negotiations would be conducted through the A. B. C. mediators or direct with the federalists. Unconditional surrender, however, will be the only condition on which these negotiations will be successful.

"The resignation of Huerta and the substitution of Carbajal in itself will not cause the Constitutionalists to compromise on a single point the principles upon which the movement was founded," he said. "If the government machinery through which those ends may be obtained is not surrendered voluntarily by the party of Huerta it will be obtained by force."

HUERTA REACHES COAST

Dictator and Family Will Board Foreign Warship.

Puerto Mexico, July 17.—Generals Huerta and Blanquet arrived here on a special train from Mexico City.

Señora Huerta with her two sons, Jorge and Victor, and their wives, and her unmarried daughters, were already at Puerto Mexico.

Lower California Is Insurgent.

Douglas, Ariz., July 17.—General Alvarado telegraphed to Constitutional Agent Leblond here that the southern district of Lower California had been proclaimed Constitutional territory by Amecua, the jefe politico. La Paz is the capital of the district. The federal garrison at Guaymas already had sent much artillery and spare ammunition to La Paz, believing it would be safe there when Guaymas was evacuated.

Carbajal to Retire.

Washington, July 17.—Francisco Carbajal, successor to General Huerta as provisional president of Mexico, advised the United States government informally that he intended to retire in favor of General Carranza. Mr. Carbajal wishes only that a general amnesty be proclaimed and protection given to the property of those who opposed the Constitutionalists.

The two men were held on the charge of bringing Mrs. Willetts here from Canada and will be detained by the police until it is known whether a charge of violating the Mann white slave traffic act will be placed against them by the federal authorities.

The information of the police is that Horn furnished the money and Hansen sent it to bring Mrs. Willetts here. Two of her children are reported to be ill in Toronto.

Rebels Take Suburbs of San Domingo.

Washington, July 17.—The capture of San Cristobal and Vena, suburbs of Santo Domingo City, by the Dominican revolutionists was reported by Commander Carter of the cruiser Tennessee. The dispatch said foreign residents of the Dominican capital feared an attack on the city.

United States Gunboat Wrecked.

Washington, July 17.—The United States gunboat Princeton limped into the harbor of Tutuila, Samoa islands, in bad condition, according to a relayed radiogram received at the navy department. No lives were lost. The vessel struck a rock not on the chart on passage between Tutuila and the Manua islands.

Witnesses Take Flight.

Chicago, July 17.—The federal inquiry into the Lorimer-Munday bank crash was not resumed because several important witnesses, for whom subpoenas had been issued, suddenly left the city. According to federal agents, the men are believed to have fled to avoid testifying before the grand jury.

LOST IN CORN FIELD 20 HOURS.

Oklahoma Man in Chase After Wolf, Exhausted in Effort to Find His Way Out.

The Kansas City Journal tells the following story of a man who got lost in corn that stands eighteen feet high:

Lost in a 500-acre corn field for twenty hours, with the temperature standing at the 100 notch and no breeze blowing, was the experience of Mike Lingo, a Tulsa county farmer, who is ill at his home near Broken Arrow as the result of his experience.

Lingo was cutting alfalfa in a field adjoining the corn when he saw a black timber wolf, which had made its way from the woods a few rods distant, enter the corn. Black wolves are exceedingly rare in this county now, and Lingo was anxious to kill the animal and preserve it as a curiosity. He went to his house, got his shotgun and plunged into the corn in pursuit of the wolf.

Lingo tramped through the forest of corn until sundown without finding any trace of the animal. When he decided to return home he found he was lost. For hours he wandered up and down the immense field in a vain endeavor to get his bearings. He shouted for help without avail. Eventually exhausted and almost overcome by heat, he gave up the idea of finding his way out of the field in the dark, and decided to make a night of it there.

Meanwhile his wife, becoming alarmed over his absence, organized a searching party of neighbors who put in the night hunting for the missing man. Late the next morning the searchers heard cries of distress emanating from the field, which held Lingo prisoner, and following the direction from whence the voice came they finally found the man, who, by this time was ill from exhaustion.

Lingo told his rescuers he was glad Tulsa county has corn fields of such promise as to cause a man to lose his way, but that he would not undergo his experience again for all the corn the field will produce.

CARPENTIER IS GIVEN DECISION

Gunboat Disqualified In Sixth For Hitting Other When Down.

SMITH HOOTED BY THE CROWD

American Pugilist and His Seconds Protest Against Ruling of Referee. Blow Said to Have Hardly Grazed Frenchman.

London, July 17.—George Carpentier, the French champion, was awarded the decision over Gunboat Smith, the American fighter, on a foul in the sixth round of the latest heavy-weight fight Londoners have seen in many years.

The match between the two heavy-weights was fought at the Olympia and was scheduled to go twenty rounds. To Smith and his supporters the finish was a tragedy, because the blow for which the American was disqualified was neither studied nor intentional. It was launched in the heat of the whirlwind fighting when the Frenchman had slipped to his knees and the spectators saw the gaunt sailor recoil and attempt to draw back almost as his arm flew out.

There has been an undercurrent of prejudice against American boxers among English ring followers, and however unintentional Smith's breach of the rules was it probably will be cited in support of this prejudice.

The popular judgment awarded Carpentier the better of the fight on its merits. Pitted against such a powerful antagonist as Smith, it was evident that the Frenchman's marvelous quickness had not been exaggerated. He showed a left lead like a flash of lightning and a powerful and equally swift right. His footwork was wonderful and although Smith was remarkably quick for a big man he was noticeably slower than his younger opponent.

Carpentier slipped when trying to land a right header. Before the Frenchman arose Smith hit him on the face. Carpentier held his head, apparently in great pain, though it seemed Smith's blow hardly grazed him. The Frenchman's seconds took him to his corner, while the crowd hooted loudly. The referee decided Carpentier had won. Smith and his seconds protested against the decision. When Smith left the ring the crowd jeered and hooted him. Then the Frenchman came to the ropes and received a great ovation as he pointed to his eye and forehead, indicating Smith had hit him there.

BOND LAWYER CONFIDENT

Sees Acquittal of Negro in the Leegson Murder Trial.

Chicago, July 17.—Isaac Bond may go free because, the defense asserts, the state failed in its identification. For six days the copper colored negro has been on trial before Judge McDonald for the murder of Miss Ida G. Leegson, artist and sculptor, on a lonely prairie near Argo, Ill., a year ago last October.

Assistant State's Attorney Malato produced witnesses who identified somebody tall and with broad shoulders, but none gave descriptions that exactly fitted Bond.

Clarence S. Darrow, counsel for the defense, produced fifteen witnesses who were quite certain that Ike Bond was in Gary, Ind., on the night that Miss Leegson met her fate on the prairie.

Knight Defends Plucking Board.

Washington, July 17.—Rear Admiral Knight told the house naval committee that Captain John H. The Paige—and Public Demand

In Three Years, Paige Sales Have Increased From \$44,000 to more than \$1,250,000 a Month

These astounding figures are indisputable evidence of Paige supremacy in the medium price field.

They indicate an increasing demand for Paige cars that is without parallel in the middle division of the Automobile Industry. They affirm plainly and clearly that the Paige is a "preferred" investment with the motor buying public—the "first choice" of men who weigh motor car values.

As you turn these figures over in your mind, remember that increased sales can only come as a result of increased demand. The public does the buying—the public alone determines whether automobile sales shall increase or decrease.

So—above all—these figures mean that the motor public has rendered an overwhelming verdict in favor of the Paige. In the most substantially convincing way—by an investment of over \$1,250,000 a month—Motor Car buyers have selected the Paige as the best value of the medium priced field.

With the facts before you—in the face of such sweeping evidence—can you afford to purchase any car until you have carefully investigated the Paige? Isn't it logical to assume that there is a tangible, practical reason back of this marked preference for one car.

See the Paige today. The answer is in the car itself.

BRYAN COMES OUT
FOR WOMAN SUFFRAGE

Secretary Makes Formal Statement of His Attitude.

Washington, July 17.—In a formal statement Secretary Bryan came out for woman suffrage. He declared that he would ask no political right for himself that he was not willing to grant his wife and announced his intention of supporting the proposed state constitutional amendment extending the franchise to women to be voted upon in Nebraska in November. Woman, Mr. Bryan said, had proved herself equal to every responsibility imposed upon her and would not fail society in this emergency. Above all other arguments in favor of giving her the ballot he placed the right of the mother to a voice in the moulding of the environment of her children. "The mother," the secretary said, "can justly claim the right to employ every weapon which can be made effective for the protection of those whose interests she guards and the ballot will put within her reach all of the instrumentalities of the government, including the police power."

"I guess I'll have to learn to tango myself. I'm not too old, am I, Johnny?" "Sure not," replied Johnny, who has been an elevator boy for fifteen years. "Most of 'em on the floor looks twice your age."

How Women Were Made.

According to a Hindu legend, this is the proper origin of the woman, says Tit-Bits: Twashtri, the god Vulcan of the Hindu mythology, created the world. But on his commencing to create woman he discovered that with man he had exhausted all his creative materials, and that no one solid element had been left. This, of course, greatly perplexed Twashtri, and caused him to fall into a profound meditation. When he arose from it he proceeded as follows: He took the roundness of the moon, the undulating curves of the serpent, the graceful twist of the creeping plant, the light shivering of the grass blade and the slenderness of the willow, the velvety softness of the flowers, the lightness of the feather, the gentle gaze of the doe, the frolicsomeness of the dancing sunbeam, the tears of the cloud, the inconstancy of the wind, the timidity of the hare, the vanity of the peacock, the hardness of the diamond, the sweetness of honey, the cruelty of the tiger, the heat of the fire, the chill of the snow, the cackling of the parent and the cooing of the turtle dove. All these he mixed together and formed woman. Then he presented her to the man.

SENATE'S DELAY

UPPER HOUSE HOLDS BACK CONGRESS' ADJOURNMENT.

MISSOURIANS PICNIC

Present Session Has Been One of Little Rest—Legislators Have Campaign Worries.

(By Van Cleave.)

Washington, D. C., July 13.—Congress is one week nearer adjournment than it was a week ago. That much is reasonably certain, but further than that it would be hazardous to guess. Many members have returned to their districts to defend their claims to re-nomination, and among the faithful who are left on guard and have opposition at home, there are a great many who are in a most uncomfortable position.

The house has its business well in hand and could adjourn in a very short time if the senate was ready. The senate is still wrestling with the anti-trust bills, and with some confirmations that seem to be giving them trouble. It is reported that the anti-trust bills will all be reported out of the senate committees this week and will be taken up in the senate proper. The Clayton bill, passed by the house, is a bill of far-reaching consequences, and for that reason has been subjected to close scrutiny and careful consideration by the senate committee on judiciary to see that it does not contain any "come backs" nor accidental jokers. Some members of the committee are disposed to think that certain features of the bill can be materially improved, and several amendments will likely be made when it is reported to the senate.

Congress rested on the Fourth of July. This fact is worthy of note, because rest and holidays have been strangers to this congress. No congress, it may be said, within the recollection of man, has put in so many days in actual session as the sixty-second and the sixty-third up to the present time. While the legislators have been busy trying to solve the intricate problems of public welfare, and sometimes in passing eight-hour laws for the regulation of the business world, many of them, with their secretaries and house employees, have been consistently laboring far beyond these hours. Night sessions have been quite common, and Sundays are frequently given over to memorial sessions in honor of deceased members.

Saturday afternoon the Missouri society held its annual picnic at Great Falls, a picturesque spot on the upper Potomac. The falls are among the most important in the country and furnish the surroundings for a popular summer resort. The place has also a historical interest, as it was here that George Washington established a mill to be run by water power and availed himself of the opportunity to secure cheap power. The place is about eighteen miles from his old home at Mount Vernon by horseback, as he then went. The mill dam and foundation are still in evidence, and a canal or ditch by which the water was conveyed from above the falls down to and over the mill wheel has been preserved. The place is now reached by an electric railway line and contains, among other things, an old farm house nestled among the hills, which has been made famous for its chicken dinners.

Among the recent visitors to Washington, B. Raleigh Martin of St. Joseph was conspicuous one day last week. He was looking fat and hearty and was on his way to Pennsylvania to take part in a contested will case of considerable proportions.

The federal plums have begun to fall in Missouri. Out of the considerable list of appointments to be made in the eastern and western districts, the president today sent the following

to the senate, all to be located at St. Louis:

Fountain Rothwell of Columbia, to be collector of customs.

Frank H. Sosey of Palmyra, to be appraiser of merchandise.

George H. Moore of St. Louis, to be collector of internal revenue.

Mr. Sosey is a newspaper man and the other two are lawyers.

The Missouri appointments have been delayed a long time, and the Republican holdovers have had an unexpected extension of their lease on the federal crib.

A NEW SIDEWALK FOR P. O.

Specifications For Such a One Received This Morning—Bids To Be In by August 1.

After a delay of several months it now looks as if the department at Washington will build a cement sidewalk around the postoffice building here. The matter has been up for some time and this morning the specifications for the sidewalk and curb were received with instructions to receive bids up to 3 o'clock in the afternoon of August 1.

MAGAZINE DAY ANNUAL.

City Federation to Establish Affair as an Annual Event.

Because of the great success of Magazine Day this spring, the women of the City Federation will make it an annual occurrence. The event was inaugurated this year for the benefit of the women's rest room furnishings and earned for the Federation over \$100. The women expect to get a storage room and make periodical gatherings through the business section in order to take care of the great accumulation of magazines and catalogues which the merchants would otherwise be compelled to discard.

TO HEAR BARKER SPEAK.

Tomorrow afternoon's program will be given by the Arion Male quartet and Morton H. Pemberton, lecturer. The night program, the closing one of the session, will be given by the Arion quartet.

This year's Chautauqua at Skidmore has been very successful.

If Mr. Staples continues to improve, an attempt will be made to bring him to his home at Burlington Junction Saturday. Mr. Staples was struck on the head by the falling limb of a tree and badly injured.

Hollis & Hadden of Burlington Junction report some good yields in the fields they threshed the last of the week. W. W. Jones' wheat averaged 25 bushels an acre. The Huddle field, southwest of the Junction, made 30 bushels, and R. L. Byers' field, just north of that place, averaged about 30 bushels. Charles Vulgamott received about 25 bushels an acre from his field.

LYCEUM COURSE TO OPEN AUG. 1

ASSOCIATION OFFICERS ELECTED, TALENT CHOSEN THURSDAY.

FIRST YEAR A SUCCESS

New Program Better Than Last—John Kendrick Bangs Will Give One Entertainment.

The general executive committee of the Maryville Lyceum association held its first meeting of the 1914-15 season Thursday evening, heard the reports of last year, elected officers and selected the program for the coming fall and winter.

With the exception of secretary, all the old officers were re-elected. Dean George H. Colbert is president of the association again. The vice president is Prof. W. M. Westbrook; treasurer, President Ira Richardson, and secretary, The Rev. Gilbert S. Cox.

The reports of last year's officers showed that the season, the lyceum's first season, was such a success that the committee thought it both advisable and safe to provide a better and more expensive program for the coming season. The association cleared more than \$200 last year, and that in view of the fact that nearly half of the tickets sold were student tickets, which sold for just half the price of the others. In all 781 season tickets were sold, 351 of them being student tickets.

The program for next fall and winter is a stronger one than that given last year. It will contain the same number of entertainments, seven, but they are better and more costly. The opening number of the season will be given in the early part of October, and probably will be Mme. Scottney and company, a grand opera concert company. Mme. Scottney is herself a soloist of the Boston Grand Opera company. She is supported by three other musicians. Howard White is a bass singer from the same company. Karl Barleben, violinist, is a member of the Boston Symphony orchestra, and Frank Waller, pianist, is the assistant conductor of the Boston Grand Opera company.

The second number of the course will be a lecture by Frank Dixon. Mr. Dixon has five lectures which he gives. They are: "The Square Deal," "The Coming America," "An Outgrown Contribution," "Taking Stock of a Town" and "The Man Against the Man." It is not known just which one of these Mr. Dixon will give here.

Next is Miss Sarah Mildred Willmer, a reader of plays and novels. She will read one of the following: "The Sign of the Cross," by Barrett; "Aunt Jane of Kentucky," and "Miss Selina Lue."

The Frank Lee Shubert Players will give the fourth entertainment. The approval with which the people of the town met the Coburn Players last June induced the association to secure the Frank Lee Players for the lyceum course. Their work differs somewhat from that of the Coburns in that they give modern dramas. Here they will give "The Romancers," a play by the great French dramatist, Edmond Rostand, author of "Chanticleer."

The Schuman String Quintet, composed of first and second violins, cello, piano and organ, will be next.

John Kendrick Bangs, famous as a humorist and the author of "The Houseboat on the Styx," has been secured for one entertainment. He may give his lecture, "Salubrities I Have Met," or readings from some of his own books.

The last number of the course will be given by the Rev. Russell H. Conwell, pastor of the Grace Baptist church of Philadelphia and founder of Temple university in the same city. He has several lectures which he gives, but the one to be used here has not been decided upon.

Judge Ellison at Princeton.

Judge W. C. Ellison is sitting as special judge in a murder case at Princeton, in Mercer county. Judge Ellison was called in following the application for a change of judge, the defendants alleging that the judge of the court, Judge G. W. Wanamaker, was prejudiced and unable to give them a fair trial. Judge Ellison will hear the application for a change of venue in the case of Byrd Jones, Frank Rollins and Charley Bryant, charged with the murder of Night Policeman H. P. Sisco.

Week-End Guests.

Mr. and Mrs. W. W. Stwalt are entertaining Mrs. Stwalt's aunt, Mrs. N. C. Saxton, and her niece, Miss Alma Saxton of St. Joseph, who arrived Thursday to spend the week end.

REST ROOMS WILL BE FINISHED NEXT WEEK.

BETTER THAN EXPECTED

Four Thousand Women Used One Rest Room in First Five Months It Was Open.

Saturday, August 1, the city rest room for women will be opened for the use of all women in Nodaway county and their friends.

The event is to be made one of some distinction, but in just what way it is to be observed, has not been determined by the committee. The final work of the building and finishing will be completed next week and then the furnishings will be placed.

Everything of the most practical kind and at the same time the most harmonious has been selected by the furniture committee, which is composed of Mrs. E. G. Orear of the Twentieth Century club, Mrs. M. G. Tate of the P. E. O. chapter, Mrs. W. O. Garrett of the M. I. Circle, Mrs. D. E. McDonald of the Parent-Teachers' association, Mrs. W. A. Rickenbrode and Miss Jessie Parcher of the City Federation.

Not all of the furnishings can be placed at this time, because of the limited funds of the Federation, but such liberal donations have been given the women by people of the city that the quarters will be much more complete at the opening than was anticipated.

That a rest room is a modern innovation of great general utility has been demonstrated in the towns and cities in which such rooms have been established. The following article tells how the rest room of Bonham, Texas, was established and how much it was used and appreciated by the women:

The idea of this room in Bonham originated with the board of trade of the town. This organization one day became alive to the fact that there was no place for the women to stay when they were in the town for any purpose and would like to rest for a while or leave young children to be cared for while they did their shopping.

Alive to these facts, the board of trade did what it is doubtful if any other town board of trade had ever done before; it provided a rest room and asked the people of the town to co-operate in different ways. This was done to such an extent that the telephone company donated a telephone, the laundry gave free service, the ice company provided ice without charge, some people of the town furnished the rooms and others gave periodicals. These rooms have cradles for small babies, easy chairs, couches and a bed in case any one may be taken ill while there.

That the rest room filled a long felt want may be known by the fact that a register was placed in the rooms and a careful record kept of the number of visitors. In five months a few more than four thousand women used the rooms, which were open from 8 in the morning until 5 in the afternoon.

CUBS DEFEAT SOX 4 TO 6.

First Game of New Series at Normal is Fast—Sox Blew Up in Sixth.

The first game of the new baseball series at the Normal school was played last night. The Cubs, captained by Adams, defeated Captain Bird's Sox in a good game by a score of 4 to 2.

The first five innings of the contest were practically even, both teams playing gilt edged ball. Neither team scored in the first inning, and each got one score in the second. The third inning gave one score to the Sox, but the Cubs evened things up in the fourth by adding one tally to their score and tying the count again. Neither team scored in the fifth. The sixth inning proved to be the Sox Waterloo, when costly errors gave the Cubs two scores.

Eight hits were gleaned off Pitcher Ham for the Cubs, but they were well scattered. Only one hit was made off Richards, the scores being made off him mainly by errors. Three double plays were made during the game, the Sox making one and the Cubs two.

Mrs. Mary C. Wray of Hopkins was severely injured in an automobile accident this morning. Mrs. Wray and her daughter, Mrs. F. B. Monroe, were driving along the road a mile from Hopkins, at the rate of about fifteen miles an hour, when a tire blew out and threw the car to one side of the road.

Mrs. Wray was thrown out on her head. The impact made her unconscious for some time, and it is feared she suffered internal injuries. Mrs. Monroe was unhurt.

SERVICES FOR MRS. STURM.

Held at St. Mary's Catholic Church Friday Morning.

The funeral services of Mrs. Magdelene Sturm, who died Wednesday afternoon at the home of her son, Michael Sturm, south of the city, were held Friday morning at St. Mary's Catholic church. The services were conducted by the Rev. Father Willbrod and the body was interred in St. Mary's cemetery.

The pall bearers were Nick Schumacher, Theo Blatter, Peter Behm, William Heller, Louis Gram and John Kirch. The honorary ones were Mrs. Joe Stabler, Mrs. John Kirch, Mrs. Josephine Yehle, Mrs. Louis Gram, Mrs. Mary Brandt and Mrs. Mary Buhler. Among the out-of-town relatives attending the funeral were a granddaughter, Mrs. J. J. Walsh of St. Joseph, Mr. and Mrs. Michael Gering of St. Joseph and Mr. and Mrs. John Holtman of Clyde.

More Booze, More Gas, More Grief.

The story of how five Clarinda men, returning from Maryville late the other night, narrowly escaped death when they speeded their car into a ditch, is told by the Burlington Junction Post.

The men were under the influence of liquor, and as they came to a long hill leading west from the farm of Harley Keltner, near Burlington Junction, they gave the car more gas. At the bottom of the hill they could not make a short turn, and the car went into the ditch, throwing two men through the wind shield, tearing their clothing and scratching them. None of them were seriously hurt, however, and the worst damage was done to the car. It will cost about \$300 to repair it.

Mr. Keltner pulled the car out of the ditch with a team and the men went on to Clarinda.

PLEADED GUILTY

BLATTER CHANGED HIS MIND, ESCAPES TRIAL, FINED \$47.85.

T. J. PARLE WAS SICK

Druggist Did Not Appear in Court This Morning and Case is Continued Until Tuesday.

Neither of the trials of T. J. Parle and William Blatter, accused of giving liquor to an habitual drunkard, were held today. When the time of Mr. Parle's trial came at 9 o'clock this morning he was sick in bed at his home, so the trial was postponed until Tuesday. William Blatter appeared before Mayor Wright at 1 o'clock this afternoon, changed his plea of not guilty to guilty and paid his fine of \$40 and costs, or \$47.85.

Mr. Blatter's case was different from that of Frank Scull, who was tried yesterday and found guilty of buying and giving liquor to David Ferries, the man who has made the complaints. Mr. Blatter is a clerk in T. J. Parle's drug store, and he pleaded guilty this afternoon to a violation of the dram-shop ordinance, or selling liquor without a license. He stated that on July 14, 1914, he sold to David Ferries one pint of alcohol, one pint of whisky and one pint of wine.

The fine assessed against Mr. Blatter is the minimum, the maximum being \$100. The fine in the offense of which Frank Scull was guilty, procuring liquor for a drunkard, may range from \$1 to \$100.

Mr. Scull was fined \$25 yesterday, but did not pay it. He has appealed his case to the circuit court.

SUNDAY CONCERT AT NORMAL.

Must Be Better Supported if They Are to Continue—Program Down-town Tonight.

The Maryville band will give another concert at the Normal park at 3:30 o'clock Sunday afternoon. The Thursday night program, which was not given last night because of the rain, will be given at 8 o'clock tonight.

Last Sunday's concert was not very well supported, and if the Sunday concerts are to be continued they must be better attended, say the men in charge. The band is giving the concerts in order to furnish a pleasant recreation for the people of the community, and the only compensation asked is a free will offering to cover incidental expenses.

Sunday afternoon's program is: March, "Spic and Span," Losey. Overture, "Poet and Peasant," Suppe. Characteristic, "Dance of the Sparrows," Richmond. One-step, "Some Baby," Lenzberg. CARPENTIER IS GIVEN DECISION

Gunboat Disqualified In Sixth For
Hitting Other When Down.

SMITH HOOTED BY THE CROWD

American Pugilist and His Seconds
Protest Against Ruling of Referee.
Blow Said to Have Hardly Grazed
Frenchman.

London, July 17.—Georges Carpentier, the French champion, was awarded the decision over Gunboat Smith, the American fighter, on a foul in the sixth round of the latest heavy-weight fight Londoners have seen in many years.

The match between the two heavyweights was fought at the Olympia and was scheduled to go twenty rounds. To Smith and his supporters the finish was a tragedy, because the blow for which the American was disqualified was neither studied nor intentional. It was launched in the heat of the whirlwind fighting when the Frenchman had slipped to his knees and the spectators saw the gaunt sailor recoil and attempt to draw back almost as his arm flew out.

There has been an undercurrent of prejudice against American boxers among English ring followers, and however unintentional Smith's breach of the rules was it probably will be cited in support of this prejudice.

The popular judgment awarded Carpentier the better of the fight on its merits. Pitted against such a powerful antagonist as Smith, it was evident that the Frenchman's marvelous quickness had not been exaggerated. He showed a left lead like a flash of lightning and a powerful and equally swift right. His footwork was wonderful and although Smith was remarkably quick for a big man he was noticeably slower than his younger opponent.

Carpentier slipped when trying to land a right hander. Before the Frenchman arose Smith hit him on the face. Carpentier held his head, apparently in great pain, though it seemed Smith's blow hardly grazed him. The Frenchman's seconds took him to his corner, while the crowd hooted loudly. The referee decided Carpentier had won. Smith and his seconds protested against the decision. When Smith left the ring the crowd jeered and hooted him. Then the Frenchman came to the ropes and received a great ovation as he pointed to his eye and forehead, indicating Smith had hit him there.

BOND LAWYER CONFIDENT

Sees Acquittal of Negro in the Leegson Murder Trial.

Chicago, July 17.—Isaac Bond may go free because, the defense asserts, the state failed in its identification. For six days the copper colored negro has been on trial before Judge McDonald for the murder of Miss Ida G. Leegson, artist and sculptor, on a lonely prairie near Argo, Ill., a year ago last October.

Assistant State's Attorney Malato produced witnesses who identified somebody tall and with broad shoulders, but none gave descriptions that exactly fitted Bond.

Clarence S. Darrow, counsel for the defense, produced fifteen witnesses who were quite certain that Ike Bond was in Gary, Ind., on the night that Miss Leegson met her fate on the prairie.

Knight Defends Plucking Board.

Washington, July 17.—Rear Admiral Knight told the house naval committee that Captain John H. The Paige—and Public Demand

In Three Years, Paige Sales Have Increased
From \$44,000 to more than \$1,250,000 a Month

These astounding figures are indisputable evidence of Paige supremacy in the medium price field.

They indicate an increasing demand for Paige cars that is without parallel in the middle division of the Automobile Industry. They affirm plainly and clearly that the Paige is a "preferred" investment with the motor buying public—the "first choice" of men who weigh motor car values.

As you turn these figures over in your mind, remember that increased sales can only come as a result of increased demand. The public does the buying—the public alone determines whether automobile sales shall increase or decrease.

So—above all—these figures mean that the motor public has rendered an overwhelming verdict in favor of the Paige. In the most substantially convincing way—by an investment of over \$1,250,000 a month—Motor Car buyers have selected the Paige as the best value of the medium priced field.

With the facts before you—in the face of such sweeping evidence—can you afford to purchase any car until you have carefully investigated the Paige? Isn't it logical to assume that there is a tangible, practical reason back of this marked preference for one car.

See the Paige today. The answer is in the car itself.
